## BUILDING CHARACTERISTICS

- Hull and main deck, build in reinforced fibreglass with longitudinal and transversal structures. Plain white colour.
- Deep V-keel with longitudinal strips.
- Bulkheads in marine plywood with soundproofing core.
- Windscreen and side windows made in laminated glass.
- Main deck covered with 12 mm. of solid teak.

## MAIN DECK

- Anchor windlass 2.500 W. with cockpit and hand-held remote control.
- Anchor Bruce type of Kg. 50 with safety chain stopper.
- Stainless steel anchor chain diam. 12 mm. length Mt. 90.
- N. 2 prow mooring cleats with chocks.
- Forepeak with two hatches for fenders and anchor chain locker.
- Perimetrical inox handrail.
- Fire hose with plug, prow/stern.
- External shower, prow/stern.
- N. 4 cleats on sides.
- Prow cushions for sun deck covered with white striped sky tissue.
- N. 2 windscreen wipers with washers.
- Navigation lights according to CE rules.
- Companionway light.
- Rear raised sun-deck having:
  - Space for two liferaft for 8 persons each
  - Space for life-buoy
  - Hinged ropes containers
  - Peaks under cushions
  - Side holders
- Canapé covering the sun-deck fixed to removable inox poles
- Sofa with table plus three poufs

- Cabinet with openable top and sink. Basement equipped with refrigerate wine cellar for 36 bottles, storage beside.
- Hatch for direct access to engine room
- Rear hand-rail with access gates to swimming platform stairs and passerelle
- Separate filler cap for fuel tanks.
- Tap for black water tank discharge.
- Filler cap for water tank.
- N. 2 mooring line with chain.
- N. 12 fenders.
- Safety equipment for 16 persons.
- N. 2 aft. cleats with chocks
- N. 2 aft. with 1.500W.
- N. 2 sockets for shore power.
- Retractable passerelle with two extensions. Length mt. 4,00.
- Dinghy garage for a tender with max length of mt. 3.50 with electrical crane for launching.
- Electrical swimming ladder.
- N. 2 Retractable cleats on the swimming platform

## SALOON

- Openable fibreglass roof by electrical system.
- Sliding side door, port side with electrical opening/closing system.
- Rear round sliding door in stainless steel opening half of the total saloon width.
- Main sofa for 6 persons plus 3 seats. Peaks all along
